

ALABAMA CONTROLLED SUBSTANCES REGISTRATION

RULE PROMULGATED BY THE STATE BOARD OF VETERINARY MEDICAL EXAMINERS PURSUANT TO ACT NO. 699, REGULAR SESSION OF THE ALABAMA LEGISLATURE.

Pursuant to the Alabama Uniform Controlled Substance Act, Act No. 1407 and Amendment Act No. 699, thereto passed by the Alabama Legislature in the 1976 Regular Session, it shall be necessary for all licensed veterinarians who dispense, administer, prescribe, maintain or otherwise have in their possession controlled substances, to annually register with the Alabama State Board of Veterinary Medical Examiners for a State Controlled Substance Registration Number.

This State Controlled Substance Registration Number must appear on *prescription* blanks as well as the Federal Bureau of Narcotics and Dangerous Drugs Number. (It is recommended that the State and Federal Number be written in as necessary and not preprinted on prescription forms) When you receive your DEA Registration Certificate you are required to post this for inspection by the DEA and this Board. It is recommended that you post this in or around the safe area where you store your controlled substances and other drugs, out of public view)

After April 15, 1978, registration under this rule by the State Board of Veterinary Medical Examiners will be due upon initial application and each year after during annual license renewal to practice veterinary medicine.

The fee for registration and the issuance of the State Controlled Substance Number shall not exceed fifty (\$50) dollars and will be due annually.

*A licensed veterinarian dispensing, administering, prescribing, maintaining or possessing controlled substances that has not registered or obtained a State Controlled Substance Registration Number will be deemed in violation of the Uniform Controlled Substances Act and will be subject to the penalties subscribed by law. (Rule 930-X-1-11. and Rule 930-X-1-13.) (**A licensed veterinarian may dispense and administer as an authorized agent under the auspice of another licensed veterinarian's DEA and SCSR Registration, (at the registered location only), but shall prescribe controlled medications only under their own registration.*)

RULE 930-X-1-11. PRESCRIBING AND DISPENSING DRUGS.

- (1) A licensed veterinarian shall not prescribe or dispense, deliver or order delivered:
 - (a) Any drug or medicinal agent carrying the legend "Federal (USFDA) law restricts this drug to the use by or on the order of a licensed veterinarian" to be administered to animals with which he or she has not established a patient-veterinarian relationship, or as defined by the United States Food and Drug Administration.
 - (b) Any controlled substance as defined by the U.S. Food and Drug Administration without first having established a patient-veterinarian relationship by having personally examined the individual animal, herd or representative segment or consignment lot thereof and determined that such controlled substance is therapeutically indicated following said examination.
- (2) Patient-veterinarian relationship as used in this rule shall be defined as a relationship created by actual examination by the veterinarian of the animal or a representative segment of a consignment or herd.
- (3) Any veterinarian who violates this rule shall be guilty of unprofessional conduct within the meaning of this section.
- (4) Veterinarians retiring from or otherwise discontinuing the practice of veterinary medicine shall voluntarily surrender their Alabama State Controlled Substance Registration Number immediately and shall notify the

Federal Drug Enforcement Agency of license status change, retirement or discontinuance of practice for instructions regarding their federal DEA Registration.

- (5) To protect children from serious personal injury or serious illness resulting from handling, using, or ingesting controlled substances, legend drugs and other potentially harmful medicinal agents dispensed for animal use that is in a dosage form intended for oral administration shall be dispensed in childproof containers by all practitioners of veterinary medicine. The containers are to be designed and constructed to be significantly difficult for children under 5 years of age to open or obtain a toxic or harmful amount of the substance contained therein. If the substance is dispensed to elderly or handicapped clients in households where young children are not present, containers must be of impervious nature and must contain the following additional labeling statement, "This Package for Households Without Young Children".
